

GLEN ROCK HIGH SCHOOL

SEPTEMBER 2018

**CITIZENS OF THE MONTH**

The citizens of the month for September are students with a strong interest in health occupations. Recently, they organized a very successful Blood Drive through *New York Blood Services*. They met with a representative from the organization, recruited students at their class meetings and during lunch periods, advertised the drive, and organized students to assist them. Technology, such as Google Forms and Snapchat were used to help in the recruitment and organization. They worked with community organizations to get additional, adult donors. The drive proved very successful with more than 40 donors and over 120 potential lives saved. Congratulations to the September 2018 Citizens of the

Month –

**EMMA MANGINO**

**AND**
