

## GLEN ROCK HIGH SCHOOL

JANUARY 2019

### **CITIZEN OF THE MONTH**

The Citizen of the month for January is a student who lives and practices the values of Martin Luther King Jr. She understands what community service is all about and why it is an important part of being a citizen. She organized the Seven Elements Club who made 30 ponchos that convert to blankets. These “Ponkets,” as she designed them are worn when moving from place to place, to make carrying one's belongings easier, and convert to a blanket for sleeping. The M.L.K. event was completed in collaboration with Be The Change Teens (BTC Teens). This young lady raised funds with the Seven Elements Club to pay for all the felt and the materials, then helped the rest of the Glen Rock community put them together in the town-wide day of service. So not only did this student leader design an efficient cover for the homeless community, she also allowed the rest of Glen Rock to give back with their participation in the event. Without her creativity, organizational skills and her determination this would not have been possible.

Congratulations to the January 2019 Citizen of the Month
